

RIO GRANDE MAY TOUCH WYOMING

Road Secures Rights in Ogden
Canyon With This in
View.

HERMITAGE IS OPTIONED

CACHE VALLEY TO BE REACHED
EN ROUTE.

The Rio Grande has taken a six months' option on the Hermitage ground in Ogden canyon. This leads to the supposition that this road is planning an extension through Ogden canyon and on into Wyoming.

From the Hermitage the road will continue through the canyon to Huntsville, it is rumored. From Huntsville the company's plans are said to cover a northerly route up through Cache valley, passing through many thriving towns in that territory without railway facilities at the present time. From Cache valley an easy entrance into Star valley, Wyoming, is afforded through gentle valley. A northerly line leads to the rich coal region in the Jackson Hole country.

This extension would cover in a direct line 50 miles of ground, but owing to the mountainous nature of the country to be passed through the mileage of the tracks would be considerably higher. The numerous railroads which are building through the area will necessitate the opening of new coal fields. The Jackson Hole fuel beds have never been drawn upon.

PIRACY FROM "SQUAW MAN" IS ALLEGED AND INJUNCTION WILL BE REQUESTED

Will "Her Fatal Love," one time called "The Texas Ranger" and believed by some authorities to be pirated from "The Squaw Man," be produced at the Grand tonight? That is the question. Whether it is better to take a chance with the minions of the law or by abandoning the production make impossible any proceeding to play; perchance to render up an accounting of the profits. As there is the rub. For in that accounting what loss may come when all the books have been audited, the tickets covered? And thus the native hue of Ned Royle's sterling effort is sickled over with the pale cast of Theodore Lorch and an enterprise that promised some reward is liable to be the basis of an action.

The alleged "pirating" of "The Squaw Man" under the name of "Her Fatal Love," under that name only because there was no paper, no advertising posters for "The Texas Ranger," and produced by Theodore Lorch and his company at the Grand, is to have an airing in a court of competent jurisdiction. Today Attorney E. B. Critchlow, representing Selma Peter Royle, owner of "The Squaw Man," and Liebler & Company, producers of the play, will apply to the court for an injunction to prevent Mr. Lorch and company from presenting it at the Grand tonight.

The application for an injunction will contain a demand for an accounting of the profits already derived from presentations of the play, which was given four

First Methodist Church, Built in
1888, Now Free From Debt,
After Long Struggle.

The pastor and members of the First Methodist Episcopal church of this city are making extensive preparations for the Easter Sunday services. In the morning at 11 o'clock, the Rev. Dr. J. Talbot, of Salt Lake City, superintendent of the Methodist missions in Utah, will preach a sermon to the members of the El Monte commandery, Knights Templars, who will attend in a body. In the evening the church will be dedicated. The church was built in 1888, owing to a heavy burden of debt resting upon it, the building was not dedicated. By Easter Sunday the last dollar of indebtedness will have been paid and in the evening the mortgages will be burned and the edifice dedicated. This will be a great day for the Methodists who for years have struggled under a burden of debt, at one time amounting to \$22,000. During the past three years the last \$10,000 has been raised.

The evening services will consist of a platform meeting. Short addresses will be made by Rev. Horace B. Blood of the Baptist church, Rev. J. E. Carver of the First Presbyterian church, Rev. N. S. Elmer of the Congregational church, Rev. James Thompson of the Central Park Presbyterian church, Rev. H. H. Fier of the German Evangelical church, Rev. H. J. Talbot, Rev. Samuel Blair, Rev. W. Boyle was badly cut about the right side of the head, besides receiving other injuries. The accident was caused by the team running away and colliding with a telephone pole. A driver was sent from the livery stable to take the team home and one the way to the stable the team again became unmanageable but no further damage was done.

ATTACKED THE HEART

Awful Neuralgia Case Cured to Stay
Cured by Dr. Williams' Pink Pills.

Neuralgia in any form is painful but when it attacks the heart it is frequently fatal. Complicated with indigestion of a form that affected the vital organ it threatened serious consequences in an instance just reported. The case is that of Mr. F. L. Graves, of Pleasant Hill, La., who tells of his trouble and cure as follows:

"I traveled considerably, was exposed to all kinds of weather and was irregular in my sleeping and eating. I suppose this was the cause of my sickness, at any rate, in May, 1905, I had got so bad that I was compelled to quit work and take to my bed. I had a good doctor and took his medicine faithfully but grew worse. I gave up hope of getting better and my neighbors thought I was surely going to die.

"I had another spells that it is awful to recall. My heart fluttered and then seemed to stop beating. I could not lie on my left side at all. My hands and feet swelled and so did my face. After reading about Dr. Williams' Pink Pills in a newspaper I decided to try them and they suited me exactly. Before long I could see an improvement and after taking a few boxes I was entirely cured. I am glad to make this statement and wish it could cause every sufferer to try Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills do not simply deaden pain; they cure the trouble which causes the pain. They are guaranteed to contain no narcotic, stimulant or opiate. Those who take them run no danger of forming any drug habit. They act directly on the blood and it is only through the blood that any medicine can reach the nerves.

Dr. Williams' Pink Pills are sold by all druggists or will be sent, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

Junior Civic Improvement parade which will be held on Monday next. It is expected that at least 5,000 school children will be in line. BIG VOLTAGE FOR JOHNSON

Lineman While at Work on Street
Narrowly Escapes Death From
Shock of Electricity.

A lineman named Johnson in the employ of the Utah Light & Power company had a narrow escape from being electrocuted yesterday. Johnson was a member of a gang engaged in transferring the wires along Twenty-first street to new poles. Johnson was on a cross arm handling the wires. When a transmission wire was being handled him a section was in some way completed with the main current and 2,300 volts of electricity passed through his body. His agonizing cries attracted his fellow workman, who dragged him away from the live wire. Johnson was prostrated for some time, but finally recovered sufficiently to be taken to the main office of the company, where it was found that the flesh upon his hands where it came into contact with the wire was burned to the bone.

Two Attempts at Burglary.

A lone burglar made two unsuccessful attempts to gain admittance to houses in the residence section last evening. The first attempt was made about 10 o'clock at the Jensen residence, 272 Madison avenue. A jimmy was used in the effort to open the window. The noise awakened the inmates of the house and the burglars were driven away. About thirty minutes later the same burglar was adopted at the home of H. H. Wardleigh, 267 Douglas avenue. In the second case the burglar was seen to enter the house and the family. Both attempts are supposed to have been made by the same person or persons.

Charged With Passing Bad Money.

Shortly before midnight last night officers E. M. Morrissey placed Frank Thompson and James McCormick under arrest on suspicion of passing bogus money. Considerable spurious coin has been detected in Ogden of late and the arrest was made upon information furnished by an alleged accomplice. When the two men were searched at the police station no counterfeit money was found upon them, but later several spurious bills were found on the street where the arrest is made, and where it is supposed they were dropped by the prisoners.

John Hickey Dies.

John Hickey, well known railroad engineer, died yesterday morning at the residence of his brother, David Hickey, from an attack of Bright's disease, after a lingering illness. The body was shipped to Laramie, Wyo., last evening for interment. The deceased was born in New York Nov. 21, 1856, where his mother still lives. For more than eighteen years he ran a locomotive on the Union Pacific between Cheyenne and Laramie. At the time of his death he was a member of the P. O. E. and the Brotherhood of Locomotive Engineers.

Fire at Cobbe Station.

Word was received here yesterday morning that fire destroyed the storehouse of the Nevada & Northern at Cobbe station early yesterday forenoon. The building was ignited by a spark from a locomotive. A caboose that was standing near the track near by was also consumed. Several thousand dollars' worth of supplies were stored in the building at the time. The structure will be rebuilt at once.

Ogden Briefs.

The Amalgamated Sugar company is busy sending out druggists and best growers throughout the county, which marks the opening of the best planting season. It is said that a considerable acreage has already been planted. About 2 o'clock yesterday morning a lone burglar entered the residence of Frank Halling, 1385 Twenty-second street, after picking the lock of the front door. The burglar stumbled against the piano and awakened the sleeping occupants. Mr. Burglar beat a hasty retreat without securing anything for his trouble. There will be no inquest held over the remains of R. A. Crosbie the young man who committed suicide last week by hanging himself to a rafter in the barn. The parents are satisfied that it was a case of suicide and have expressed a wish that the investigation be omitted.

COALVILLE NEWS HAPPENINGS.

The deceased was 42 years old, was born in Coalville and has lived here all his life. Deceased was a member of the Mormon church and held many positions of trust in that church. He served the people for two years in the city council, and refused the nomination for a second term. He was a member of Coalville lodge No. 28, I. O. O.
